**House of Representatives:** Aging, Intergovernmental Affairs, Legislative Counsel, Local Government and Urban Affairs, Rules, Solid Waste Task Force, Special Committee on County Reorganization, Special Committee on Permanent Organization and Order of Business, Chairman of Special Committee on Water Resource Problems, State Institutions, Transportation,

Mike Ragsdale

Urban Renewal Financing Task Force, and Water Law Revision.

**Senate:** Agricultural and Natural Resources, Corrections, Executive Appointments, Intergovernmental Relations Task Force, Vice-Chairman of Local Government, Reapportionment, and Trade and Economic Development.

### METRO COUNCIL

Elected to Metro Council in 1986. Presiding Officer, two terms. While serving as Presiding Offi-

cer of the council, Mike was directly responsible for: Reorganizing the council operations, development of the Regional Urban Growth Goals and Objectives, initiating the Region 2040 Project, creation of the Metropolitan Greenspaces Master Plan and subsequent ballot measure, fast tracking the development of the first Regional Solid Waste Management Plan, which resulted in mandatory recycling.

Convention Center Committee, Chairman. Oversaw construction on time and under budget. Inter-Governmental Relations Committee, Chairman, Joint Policy Advisory Committee on Transportation, Chairman. This committee prepares the Regional Transportation Plan.

Represented Oregon on the Clark Co., Wash. Intergovernmental Resource Center's Transportation Policy Committee, Transportation 2000 Steering Committee, promoted Westside Light Rail, member of the National Association of Regional Council's Transportation Policy Committee. Sponsored the region's ban on phosphate laundry detergent, Founder and Board member of the Oregon Tourism Alliance, Chairman of the marketing committee.

## Ed Washington Seeks Metro Council For New District 5

Ed Washington, Deputy Presiding Officer for Metro, is running for re-election in the newly expanded District 5. The new district covers North Portland, Northeast Portland, Northwest Portland and a portion of Southwest Portland, including the downtown area.

Ed was appointed to Metro in February 1992 and ran to maintain his seat in both the May Primary and November General Elections in 1992.

During his tenure at Metro, Ed has served on the Solid Waste, Planning, and Regional Facilities Committees. He is currently serving as Vice-Chair of Regional Facilities. In addition, Ed has served on the One Percent for Recycling Committee, Vice-Chair of the Northeast Composter Enhancement Committee and Bi-State Policy Committee and is currently Chair of the Smith and Bybee Lake Management Committee.

As a council member, Ed opposed the building of the Wilsonville Solid Waste Transfer Station that

would have cost the voters \$45 million over the 25 year life of the station, plus an additional monthly increase in their garbage bill. Ed also voted to reduce the Metro budget by \$30 million for the budget year, 1993-94. Ed was instrumental in getting an ordinance through the council to address the issue of minority marketing in the region, a first step in bringing more minority and women's conventions to the Portland area.

Ed believes that the single most important issues facing the new Metro Council will be planning, which was mandated by the new charter. The kicker is, how are we going to pay for it?, since no funding was included with the charter recommendation. Ed is opposed to any new taxes until there is absolute justification for them.

Ed is a firm believer that we must save as much of our natural areas as we can for future generations. It is important that we find some way to fund the Green Spaces program. Metro must continue to work with its partners in the region in managing the

urban growth boundary so we have orderly rather than chaotic growth. We must make sure in the continual planning of transportation that there is a place for mass transit, bikes, autos and pedestrians.

Ed has been working with local as well as federal agencies to find ways to do restoration work on the Columbia Slough using high school students to do the restoration work. He feels this is an excellent opportunity to introduce young people to environmental projects as well as provide some short term employment opportunities.

Ed has been endorsed by the Multnomah County Democratic Party, Northwest Oregon Labor Council, AFSCME Local 3580, Portland Association of Teachers, Committee To Build a Better Oregon, Portland Rainbow Coalition, Black Leadership Conference, Oregon Assembly of Black Affairs, Portland Metro Association of Building Owners and Managers, and Washington County Association of Realtors.

Vote on May 17

## Margaret Carter

DEMOCRAT

for STATE REPRESENTATIVE

Margaret Carter has been active in our Northeast Portland neighborhood for over 25 years. She is a driving force for economic development, jobs, education reform, school funding and preserving the quality of life in our community.
