TRI-MET SUPPORTS A DIVERSE WORKFORCE

When it comes to the Westside MAX project, Tri-Met is working to ensure the greatest possible participation by Oregon businesses — particularly minority and female-owned businesses.

Tri-Met also seeks out opportunities for under-employed and unemployed local workers. Tri-Met is committed to:

- aggressive outreach and match-making between prime contractors and minority-owned businesses
- technical and general business assistance to Disadvantaged Business Enterprises (DBE)
- helping with DBE certification
- establishing mentoring relationships
- setting trade-by-trade employment and apprenticeship goals supporting the Tri-Met/City of Portland/Oregon Department of Transportation Workforce Clearinghouse

Free information and technical assistance

Tri-Met has arranged for four groups to provide FREE information and technical assistance to help small and disadvantaged businesses and workers participate in Westside project construction.

DBE Certification

TRI-MET

Operating Engineers, Carpenters, Laborers, Electricians, Cement Masons, Plumbers

Tri-Met wants your help building Westside MAX

We're looking for individuals interested in jobs and apprenticeship training opportunities in the construction industry. A referral process has been set up at the Northeast Workforce Center. Call the Job Hotline at 239-6789 for information.

We want to exceed our Disadvantaged Business Enterprises (DBE) goals on Westside MAX. So far, of the 141 contracts on Westside MAX, 35% are with very capable, accomplished DBEs.

When Tri-Met built Eastside MAX, 22% of contract dollars went to disadvantaged business enterprises. That's a record high for Oregon and well above the goals we set.

Call these numbers to find out how you can get involved in Oregon's largest public works project.
