

# The 1995 Old Farmer's Almanac

## Predictably More Than You Ever Imagined

There is something refreshing, and even downright delightful, about getting more than you expected out of anything, especially The Old Farmer's Almanac. Where else can you find a 203-year-old publication loaded with new, fascinating things to read every year?

that the 1995 edition could also help you find the perfect mate? Or clue you in to the healthiest vegetable of all?

The 1995 Old Farmer's Almanac -- still with its recognizable yellow cover and nail hole in the corner -- can be found at newsstands, supermarkets, and bookstores all across America. Plus, with a price tag under four dollars, it's probably cheaper than you ever thought, considering it has hundreds of pages packed with entertaining, informative articles guaranteed to spice up your life -- or at least your bedtime reading.

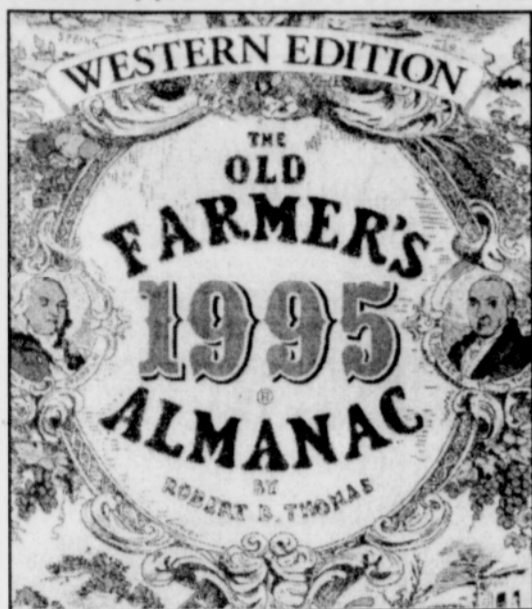

Even though it's the nation's oldest continuously published periodical, the Almanac prides itself on remaining up-to-date. In the opening pages of this year's edition, readers will find a section entitled "Consumer Tastes and Trends for 1995." Any chain-saw or hobo art, old computers, or hammered aluminum handbags or jewelry are some of "hot" collectibles for the coming year. Also

listed are food, fashion, and home trends, plus new answers to old questions, including "Where does lost airline luggage end up?" and "Is it safe to go to swimming after eating?"

"Our goal is to pack the pages of the Almanac with useful wit, wisdom, and entertaining, insightful articles," explains Judson Hale, the publication's 12th editor since it was founded in 1792. "We also throw in some uncommon information. Where else would you find a Gestation and Mating Table that includes rams and boars right next to a list of plants that attracts butterflies?"

The 80-percent-accurate weather predictions always seem to get a lot of attention. Precipitation totals for the winter will be well above normal for much of the country, but below normal from the central Great Plains to the Gulf of Mexico, in portions of Florida, and in the extreme Northwest.

The Old Farmer's Almanac licensing program is growing with a complete line of licensed food and lawn and garden products in stores all across the country. Products include vitamins, wallpaper, decorative tins, and clothing.

While the almanac is filled with wit and wisdom, contains the 1995 weather forecasts, and has plenty of interesting articles and advertisements -- who would have thought

## Let's R.A.P.

### Fall Classes

**Peninsula Park Community Center, 700 N. Portland Blvd., 97217 823-3620**

## Applications For Apprenticeships

Applications for apprenticeships are now being accepted. Call the apprenticeship offices at 731-4072 for more information.

The following trades are open or opening soon: Carpenter, plumber, signmaker, baker, cement mason, painting, resilient floorcovering, painting and sandblasting, laborer, restricted energy technician, and limited energy technician.

The following trades will be accepting applications for apprenticeships for a limited time only: Exterior/Interior specialties, drywall finisher, inside electrician, and residential electrician.

Some of these trades are represented by several committees and it is worth a trip to the apprenticeship information office, 800 N.E. Oregon, Suite 1105, to get the detailed information necessary to make an informed choice.
