Our children will one day provide the answers to many of today's challenges. That's why AT&T supports a broad network of education, health and human services programs for children and their families now. From our support of the **Children's Defense Fund** and initiatives like **AT&T Teachers for Tomorrow** to helping fund the education of minority doctors through the **National Medical Fellowships**, we're dedicated to giving children every opportunity to thrive and contribute.

And during the next few weeks, as part of our continuing commitment, a nationally televised special will air: "**AT&T PRESENTS: IMAGES AND REALITIES -- AFRICAN AMERICAN CHILDREN.**" (Check your local listings.) Don't miss this chance to hear the dreams and concerns of our young people. At AT&T, we believe that with careful nurturing today, our children and our communities will flourish tomorrow.
