Temporary Closing of Waiting List for Section 8 Assisted Housing

As of Oct. 17, 1994, the Housing Authority of Portland (HAP) will temporarily close the Section 8 waiting list for all bedroom sizes. This means that HAP will not accept applications for the tenant-based Section 8 Housing Certificate and Housing Voucher Program.

The temporary closing will enable staff to comply with new Department of Housing and Urban Development (HUD) regulations combining the certificate and voucher programs. Details explaining the new regulations will be mailed to current applicants on the waiting list on Oct. 28, 1994.

While the list is closed, HAP staff will work to update information for the 6,000 applicants currently on the waiting list. (The tenant-based waiting list will be kept open for special needs populations or clients with special agencies, such as the terminally ill and case-managed/referred homeless individuals.)

The target date for re-opening the waiting list is set for March 20, 1995.

The group Young Audiences brings arts to Portland area children.

Group Wins Medal

A National Medal of Arts award has been made to a Portland and Vancouver area arts group that has provided education and activities for area children since 1958.

Young Audiences of Oregon received the medal from President Clinton on Thursday. Famed cellist and national Young Audiences board member Yo-Yo Ma, accepted the award on behalf of the Oregon non-profit organization.

Young Audiences brings the resources of local artists together with teachers, parents and children through a diverse combination of in-school sessions and community-wide projects. Over the past five years, the group has reached over a million school children.

Last year, the chapter's artists worked in 305 schools, reaching over 200 thousand children.

The group has been successful in staging a benefit "Run for the Arts" each spring, raising \$335,000 last year, for art programs in local schools. It also provides discount cards for children to attend and enroll in art activities.

"At a time when arts education continues to be under-funded, even sacrificed in school budget cuts, it is gratifying to receive this recognition," said Avery Johnson, Young Audiences executive director. "It validates the importance of what we do and it brings us a sense of accomplishment and achievement."
