North Portlanders Sought For Committee Vacancies

Metro is looking for residents of North Portland to fill three expiring terms on the North Portland Enhancement Committee.

The six citizen members of the North Portland Enhancement Committee fund community grants via money collected by a 50-cent per ton surcharge on disposal collected at the now-closed St. John Landfill. There is about \$1.9 million in the fund and about \$80,000 is allocated annually.

The purpose of the committee is to develop a program for administering the enhancement funds, to develop guidelines for project proposals and to select and recommend projects to be funded on an annual basis. The fund is to be used to create real change in the community that may improve the neighborhood as a place to live and work.

Three positions on the enhancement committee become vacant on Dec. 31, 1994. New members will serve a four-year term. These three positions will be recommended for nomination by citizen panels to the executive officer Rena Cusma and confirmed by the Metro Council.

Committee members must live in the North Portland area bounded by the Willamette and Columbia Rivers and Interstate 5 and Interstate 405. Neighborhoods include Overlook, Arbor Lodge, University Park, Friends of Cathedral Park, St. Johns, Portsmouth and Kenton.

Applications are available at the North Portland Neighborhood Office or from Metro (600 N.E. Grand). Applications are due Thursday, Nov. 10 at 5:00 p.m. Further information can be received by calling the North Portland Office at 823-4524.

AFRICA INSIGHT

Thinking Vacation? Try Africa For Once

By Promise King

As winter's horrid cold takes hold of this part of the world, I am sure many of you are thinking of jetting out to the warm embrace of the Caribbean islands. But wait a minute, why not Africa? Tell me where in the world would you go for a real vacation if not Africa, especially when you are of Africa descent.

Make no bones about this, Africa has the real tropical climate or if you may, the ethnic weather that is made naturally for the black skin. It tones your golden black skin lustrously to a shining rendition, leaving it soft, succulent and luxuriantly black, the way nature made it. If you think the Caribbean weather would give you this blend, forget it. Ain't nothing like Africa. Besides, Africa food has the lowest

of calories. It's the best place to watch weight. Trust me.

It's amazing, how white folks throng to the Africa continent to share part of its beauty. Well over 60 percent of tourists that visit are white. These folks realize that the environmental purity of Africa is second to none. They are ready to pay, to stay and holiday. It's unfortunate black folks aren't taking advantage of this opportunity.

Perhaps, you are scared of the events that are taking place in some

part of Africa, or perhaps you've been told that con men prowling the streets of Africa in search of someone to con. But I tell you this, there is nothing happening in Africa that is not happening elsewhere in the world, including the Caribbean. Even in the United States tourists are being killed in Florida, New York and Miami. Who says Africa is worse? It's not. It depends on where you go.

Go into the land of your forefathers. Take a trip to Tripoli. Visit the dams in Dahomey. Go into animal reserves in Zaire. Zoom to Zimbabwe and survey Senegal, spend some nights in Nigeria's exotic beaches and resorts. You will find peace and comfort, then you'll know what I mean. Happy holiday.
