

“As long as there is poverty in the world I can never be rich, even if I have a billion dollars. As long as diseases are rampant and millions of people in this world cannot expect to live more than twenty-eight or thirty years, I can never be totally healthy even if I just got a good checkup at Mayo Clinic. I can never be what I ought to be until you are what you ought to be. This is the way our world is made. No individual or nation can stand out boasting of being independent. We are interdependent.”

- Martin Luther King Jr.

Knowledge is power.

THE RIGHT KIND OF ENERGY

Governor Kitzhaber and Staff salute Dr. Martin Luther King Jr.

"It is one thing to agree that the goal of integration is morally and legally right; it is another thing to commit oneself positively and actively to the ideal of integration - the former is intellectual assent, the latter is actual belief. These are days that demand practices of match professions. This is no day to pay lip service to integration, we must pay life service to it."

- Dr. Martin Luther King Jr.

"The dream is one of equality of opportunity, of privilege and property widely distributed; a dream of a land where man will not take necessities from the many to give luxuries to the few; a dream of a land where men do not agree that the color of a man's skin determines the content of his character; a dream of a place where all our gifts and resources are held not for ourselves alone but as instruments of service for the rest of humanity; the dream of a country where every man will respect the dignity and worth of all human personality, and men will dare to live together as brothers..."
