

Martin Luther King Jr.

*His words will live forever*

KOIN congratulates the Portland Observer's 25 years of service to our community

**DREAMS CAN BECOME A REALITY**

Garlington Center Community Mental HealthCare is proud to honor the late great Dr. Martin Luther King Jr.

Dr. Martin Luther King Jr.  
1929 - 1968

Who sought to dismantle the barriers of prejudice, intolerance and discrimination. The works and vision of Dr. King challenge each of us at Garlington Center daily to find and build compassion for individuals living in despair, isolation and poverty.

If we can do something to change tomorrow, We should ease community tension, encourage unity, build a viable business climate, thereby developing a stronger community. A community where businesses locate, where all people shop, and where police, mayors and others want to buy homes. Garlington Center will carry on Dr. King's dream and continue to help create a reality where all people are accepted.

**Garlington Center Community Mental HealthCare**  
-Serving the community since 1980-

The Oregon Commission on Black Affairs salutes Dr. King and encourages current "freedom fighters" in our effort to create full employment, equality, and justice for all Oregonians.

The City of Portland Purchases salutes Dr. Martin Luther King's Birthday.

"Freedom has always been an expensive thing. History is fit testimony to the fact that freedom is rarely gained without sacrifice and self-denial."

- Martin Luther King Jr.
