## Top Jazz Artists Featured In "Bridges"

Dinah Washington, Johnny Hartman and Barbara Lewis (to right) are among the artists featured on Music from the Motion Picture, The Bridges of Madison County.

The album also features "Doe Eyes," composed by director and star of the film, Clint Eastwood (below). The picture also stars Meryl Streep (bottom).

"Over the years it's been my privilege to have music from some of the films I've been involved with become soundtrack albums," Eastwood said. "Music has always been an important part of what I do and it's very gratifying when it can stand apart to be considered on its own terms."
