

“Love is the most durable power in the world. This creative force, so beautifully exemplified in the life of our Christ, is the most potent instrument available in mankind’s quest for peace and security.”

- Martin Luther King Jr.

“We must use time creatively, in the knowledge that the time is always ripe to do right. Now is the time to make real the promise of democracy and transform our pending national elegy into a creative psalm of brotherhood. Now is the time to life our national policy from the quicksand of racial injustice to the solid rock of human dignity.”

- Martin Luther King Jr.

“We are prone to judge success by the index of our salaries or the size of our automobiles, rather than by the quality of our service and relationship to humanity.”

- Martin Luther King Jr.

“Freedom has always been an expensive thing. History is fit testimony to the fact that freedom is rarely gained without sacrifice and self-denial.”

- Martin Luther King Jr.

“Our hope for creative living in this world house that we have inherited lies in our ability to reestablish the moral end of our lives in personal character and social justice. Without this spiritual and moral reawakening we shall destroy ourselves in the misuse of our own instruments.”

- Martin Luther King Jr.

“When I speak of love I am not speaking of some sentimental and weak response. I am speaking of that force which all of the great religions have seen as the supreme unifying principle of life. Love is somehow the key that unlocks the door which leads to ultimate reality.”

- Martin Luther King Jr.
