"The dream is one of equality of opportunity, of privilege and property widely distributed; a dream of a land where men will not take necessities from the many to give luxuries to the few; a dream of a land where men do not agree that the color of a man's skin determines the content of his character; a dream of a place where all our gifts and resources are held not for us alone but as instruments of service for the rest of humanity; the dream of a country where every man will respect the dignity and worth of all human personality, and men will dare to live together as brothers..."

Martin Luther King, Jr.
