Notice To Waterline Contractors

Notice is hereby given that Clark Public Utilities is requesting quotations from contractors to provide labor, materials and equipment for site work and ringwall construction of a 100,000 gallon water reservoir. The work will be processed under the Utilities' Small Works Roster procedure for public works projects under One Hundred Thousand Dollars (\$100,000) strictly in accordance with Quotation #1134, specifications now on file in the Utilities' Purchasing Office (address below). If a contract is let, the successful contractor shall furnish a performance bond in the amount of one hundred percent (100%) of the contract amount.

This project is financed through the Community Development Block Grant program with funds obtained from the US. Department of Housing and Urban Development. The contract will be subject to regulations of the Departments of Labor and Housing and Urban Development. Attention is called to Federal provisions for Equal Employment Opportunity, HUD Section 3 requirements, and the minimum wages as set forth in the contract documents.

Quotations and Applications will be received up to the hour of 11:00 AM, Tuesday, May 14, 1996, at which time the quotes will be read aloud. Quotation and application forms may be obtained from and returned to Clark Public Utilities, Purchasing Department, PO Box 8900, Vancouver, WA 98668 (or hand or courier delivered to: 8600 NE 117th Avenue, Vancouver, WA 98662). Telephone 360/992-8838.

The Utility reserves the right to reject any and/or all quotations submitted or to let the contract in the best overall interest of the Utility under the requirements by law.

City Of Portland, Oregon

Bureau Of Water Works

Request For Proposals

To Provide

Consulting Services For Consulting And Advice Services For Information Technology

The City of Portland, Oregon, Bureau of Water Works, is requesting proposals from consulting firms with demonstrated experience in information technology to provide consulting and advice services to all of the Water Bureau's work groups. The end product shall be the development of an Information Technology strategy to enable the Water Bureau to meet its strategic and operating challenges. These include: a.) improving customer service satisfaction; b.) maintaining service reliability; c.) maintaining water quality; d.) improving overall utility performance; and e.) operating, maintaining and improving the water system. Interested firms shall submit a proposal demonstrating their qualifications and experience in performing such professional services. A Request for Proposals is available from Susan Schimpf by calling 823-7514. Firms doing business with the City must have a current City business license, carry adequate workers' compensation coverage and be EEO certified with the City.

The Request for Proposals provides significant detail relating to the work objectives and requirements and the format for the proposal. Proposals shall include background and qualifications of the firm and any subconsultants, project team qualifications and team member availability, a discussion of project understanding and/or approach, a fee based on time and materials and ESB/MBE/WBE usage plan.

Proposals will be reviewed by a Consultant Selection Committee in accordance with Chapter 5.68 of the City's Administrative Code for consulting services contracts. A Consultant Selection Committee will rate the proposals and, if necessary, interviews with the top ranked firms will be conducted. Based on the combination of the proposal score and the impressions conveyed during the interviews, the Selection Committee will make a recommendation to the Water Bureau Administrator as to which firm or team of firms appears to be most suitably qualified to provide the requested professional services. Upon approval by the Water Bureau Administrator, the Consultant and the City will enter into negotiations for a professional services contract for this work.

Questions should be directed to Mike Rosenberger at (503) 823-7555. Proposals are due on May 17, 1996, at 4:00 PM. Eight (8) copies shall be submitted.

Notice To Contractors

Wastewater Treatment Plant
Additional Secondary Clarifier

City Of Camas

Clark County, Washington

Sealed bids will be received by the undersigned at the City of Camas, City Hall, 616 N. E. Fourth Avenue, up to 2:00 p.m. (P.D.S.T.) on the 15th day of May 1996, for furnishing the necessary labor, materials, and guarantees thereof to construct improvements to the existing wastewater treatment plant. The Project shall include the installation of a new 75-foot diameter clarifier, recycle and waste sludge pumps, associated piping and electrical power and control systems. The plant site is located on 1129 S.E. Polk Street in the City of Camas, Clark County, Washington.

Each Proposal shall be complete with prices submitted for each item. Failure by a bidder to submit prices on any item shall constitute an improper response and be cause for rejection of the entire proposal. Contract award will be based upon the total construction cost for the sum of all items including tax.

All bidding and construction shall be in compliance with the Plans, Specifications, and permits, on file with the City and the Engineer for this Project.

At the time and date above stated, the bids will be publicly opened and read aloud. Bids are to be submitted only on the form provided in the Specifications and all bids must be accompanied by a good faith token of value not less than five (5) percent of the total amount bid.

Plans and Specifications, including bid forms bound therein, may be examined at the office of the Engineers, Gray & Osborne, Inc., 701 Dexter Avenue North, Suite 200, Seattle, Washington 98109. Copies of the Plans and Specifications may be purchased only at the office of the Engineers. Purchase price is \$45.00 and is non-refundable. Purchase price includes one Specification Book and one full size set of Plans. Half-size Plans and one specification book are available for the non-refundable purchase price of \$35.00. Payment must be made at the time the Specifications and Plans are obtained. The Plans and Specifications will be on file prior to the bid opening for examination only at the AGC, Seattle and Portland, and approximately six (6) other plan centers in the project area. A list of planholders will be made available through the Engineers' office prior to the bid opening.

The Project is financed in part by State funds and bidders must meet all requirements of the appropriate State agencies, as included in the Specifications. Attention of bidders is particularly called to the requirements as to women and minority business utilization and minimum wage rates to be paid under this contract. The contract shall be awarded to the lowest, responsive, responsible bidder. The successful bidder shall execute the contract within ten (10) calendar days after the date of award.

Questions regarding the bid process are to be directed to the Engineer (Tel. 206-284-0860). A pre-bid conference and walk-through for the prospective bidders will be held at the City of Camas Wastewater Treatment Plant at 10:00 a.m. (P.D.S.T.) on May 7, 1996.

The City expressly reserves the right to reject any or all bids and to waive minor informalities. The City intends to award this contract or reject bids within forty-five (45) calendar days after the date and time set for bid opening. No bidder may withdraw or modify his bid during this forty-five day period.
