## Dangerous Ground

New Line Cinema's new release, DANGEROUS GROUND, starring Ice Cube and Elizabeth Hurley, will open in theatres on Wednesday, February 12, 1997.

Vusi (Ice Cube), a South African exile, is summoned to bury his father after 12 years abroad in the United States. When he returns home, he finds an unrecognizable country that is still afflicted, but now infected with a radically new set of problems -- crime and drugs.

Once reunited with his family, he becomes immersed in a harrowing

search for his missing younger brother, who has doubled-crossed the leader of a dangerous criminal cartel.

## What Jennifer Saw

PBS airdate: Tuesday, February 25, 9 p.m., 60 minutes

Ronald Cotton (above), and Jennifer Thompson (below).

On a hot July night in 1984, in Burlington, North Carolina, Jennifer Thompson, a twenty-two-year-old college student, was asleep in her apartment when she heard a noise. She opened her eyes to see a black man with a knife. "When I asked what he wanted, he proceeded to take off my underwear," Thompson says, in a harrowing account of that night. "At that point, I realized that I was going to be raped. I didn't know if he would kill me." If she lived, she promised herself she would make sure he paid the price.

Days later in a police lineup, she picked out Ronald Cotton as the Rapist. Then in 1995 new DNA evidence showed Cotton had not raped Jennifer Thompson and set him free. He had spent eleven years in prison for a crime he did not commit.

In "What Jennifer Saw," FRONTLINE delves into the details of the Cotton case, examining the reliability of eyewitness identification.
