**OREGON OFFICE OF ENERGY
REQUEST FOR PROPOSALS**

Program Specialist for Commissioning in Public
Buildings

Deadline: June 26, 1998

The Oregon Office of Energy has received funding from the
Northwest Energy Efficiency Alliance (the Alliance) to demonstrate
the benefits of commissioning public buildings in Oregon.
The desired result is that participating agencies adopt policies
that make commissioning standard practice.

The Office of Energy (OOE) seeks proposals from firms who are
qualified to work with facility and project managers, administrators,
and business managers to educate them on the nature and
benefits of commissioning, help them specify commissioning
services, hire commissioning agents, and provide assistance in
working with commissioning service providers on demonstration
projects in Oregon. The firm selected will act as the Program
Specialist for the demonstration projects. After the projects are
completed, the Program Specialist will work with agency representatives
to draft policies requiring commissioning for future
projects and will support agency representatives in presenting
recommended policies to their governing bodies for approval.
The Program Specialist also will document each demonstration
project in a case study, using a format developed by OOE.

The Office of Energy plans to award a contract for an initial term
of approximately two and one-half years. Funding for the initial
contract is estimated to be \$35,000 to \$50,000 annually. The
proposed contract will allow for amendments, including but not
limited to time extensions, adjustments to the scope of work and
substantial increases to the amount of the contract.

To obtain a complete copy of this RFP (#99-10), contact Mary
Mattison at the Oregon Office of Energy, 625 Marion Street NE,
Salem, OR 97310, telephone 503-378-2697 or 800-221-8035
(Oregon only), or e-mail mary.a.mattison@state.or.us. The
RFP is also available on the Department of Administrative
Services' VIP system, and on the Office of Energy website. Go
to www.cbs.state.or.us/external/ooe, then click on the "Jobs
and RFP" button.

Proposals must be received at the Salem office of the Oregon
Office of Energy by 5 p.m. Friday, June 26, 1998. NO LATE
PROPOSALS WILL BE ACCEPTED.
