When it comes to keeping Oregon healthy, we couldn't care more.

Since 1941, Regence BlueCross BlueShield of Oregon has relied on the efforts of our exceptional workforce to discover innovative routes to superior health care. Solutions like wellness programs, physician-directed care and assistance to uninsured Oregonians. Our people understand that while quality often has a price, efficiency and intelligent strategies can keep costs to a minimum. If bettering the quality of life in Oregon sounds like a worthwhile pursuit to you, consider our possibilities:

Customer Service Representatives (Job #1104)
You will serve as our liaison to provide information regarding benefits, contract administration, eligibility, claim payments and denials. You must have a strong customer service background and knowledge of medical terminology. The ability to work with little supervision in a fast-paced, team environment is necessary.

Medical Management Coordinator I (Job #959)
You will perform advanced medical case assessment, management and intervention, as well as concurrent medical review. You must have a current Oregon RN's license and at least three years of active practice in a hospital setting or recent precertification experience.

Claims Analysts (Job #1106)
You will analyze and enter claim information into our automated claims processing system. You will provide claims processing to ensure corporate statistical reporting and utilization management, specifically determining payment eligibility under contract guidelines. You must have a High School diploma or equivalent. Knowledge of medical terminology and ICD9 and CPT IV coding is required.

Corporate Communications Secretary
You will provide administrative assistance to the Manager and the department staff with daily duties including assisting with department walk-in traffic and telephone callers, receiving incoming literature requests, tracking and delivering of reprographic orders, maintaining files of various literature pieces and publication history. A minimum of three years experience as secretary in large organization is required, as is a desktop publishing background.

Corporate Planning & Organizational Development Consultant
You will facilitate management, professional, and staff development programs; assess organization-wide development needs; design, implement

and evaluate education programs; and provide consultation to all levels of management, work groups, and individuals to develop the culture and improved operations. Qualifications include a degree in Education, Business, Human Resources, Psychology, Organizational Development, or equivalent.

Software Application Training Consultant
We are seeking a candidate who will facilitate all computer software application training and schedule just-in-time training to users given new PC/Software. Qualifications include thorough knowledge of personal computers (hardware and software), Win 95, LAN and technical environment, and standard software products (Microsoft Office 97, Lotus Notes, Lotus products).

Technology Consultant Oracle Development Tools (Job #304)
The successful candidate will support our Oracle application development tools and processes. Specifically, you will work as a member of the team which collaborates in supporting, troubleshooting, researching and recommending development tools, process and education, work directly with developers to transfer tool and process knowledge and skills, and lead projects to select, test, implement and integrate developments tools. Although this is NOT a development position, it requires excellent skills in project management, information gathering and analysis, customer relations and service, and written and oral communication. Oracle expertise must include Developer and Designer 2000.

IT Auditor (Job #230)
In this position, you will plan, coordinate, conduct and report on audits of general controls, applications and various technical IT functions. Your duties will include risk assessments, compliance requirements, control deficiencies and audit documentation. You will need a bachelor's degree in Business Administration, Accounting, or Computer Science, as well as four to seven years of IT audit experience (preferably in managed care or insurance industry).

We offer a competitive salary and comprehensive benefits package. Pre-employment drug screening is required, and we support a smoke-free work environment. To apply, please indicate job number and/or title at the top of your resume or cover letter and submit to: **Regence BlueCross BlueShield of Oregon and Regence HMO Oregon, Human Resources, P. O. Box 1271, Portland, OR 97207-1270, TTY # (503) 225-6780**. We are strongly committed to equal opportunity in all phases of employment.
