## Seven for Safety

November 1999

### Winter Preparedness Tips

1. Assemble a disaster supplies kit for your home. Start with a flashlight, battery-powered radio, extra batteries, food and bottled water.
2. Be sure that chimneys and other heating sources are checked and cleaned thoroughly before cold weather sets in.
3. Winterize your vehicle before winter storm season.
4. Put together disaster supplies kits for each car. Include blankets, a shovel, a first aid kit, a flashlight with extra batteries, and a brightly colored cloth you can tie to the antenna to alert others if you need assistance.
5. Stay tuned for storm warnings and be alert to changing weather conditions.
6. Avoid unnecessary travel in winter weather.
7. Take an American Red cross First Aid aid course to learn how to treat frostbite, hypothermia and exposure to the cold.
