

Don't just think outside the box. Work there.

Let ITI transform you into an e-business professional.

e-business is everywhere. It is over 400,000 positions waiting to be filled, and it is growing.

Information technology (IT) is at the core of e-business. It's not just for computer geeks and techies. IT now includes people from all backgrounds, working in virtually every industry.

ITI is *THE post-graduate e-business school*. Our unique problem-based and collaborative learning methods will transform you into a skilled e-business professional. You'll work on real business problems and learn from the nation's e-business experts. And you may even get job offers before you graduate.

If you have a bachelor's degree, in any discipline, call ITI now. There are lots of schools that can get you a job in IT. This is the one that can give you a career in e-business.

To learn more about ITI and our unique e-business program, attend our Open House and Public Preview on Wednesday, March 29th from 6 to 8 p.m. 601 SW Second Avenue (ODS Tower), 12th Floor, Portland. Call 503-274-0988 to register. Space is limited.
