The project will also include multi-family housing in the former Villa St. Rose convent, and additions to be added to it. ## Safeway presents remodel plans for MLK jr. store

CONTRIBUTED STORY  
FOR THE PORTLAND OBSERVER

Safeway is inviting area residents to a "Community Open House" to view preliminary plans for the \$5 million expansion and remodeling project recently announced for the Safeway store at 5920 NE Martin Luther King Jr. Boulevard.

Safeway will host the "Community Open House" on Thursday August 3, 2000 from 3:00 PM to 8:00 PM at King Elementary School Cafeteria, Located at 4906 NE 6th Avenue, Portland, Oregon. Refreshments will be served. During Safeway's 5-hour Open-House, residents will have an opportunity to view store plans, layout designs and artist renderings, as well as meet and talk with architects, design, construction and real estate staff. Senior management and marketing personnel will also be on hand.

"This Open house is an excellent opportunity

for Safeway to meet community members and to share some exciting plans," said Safeway's Portland Division President Lyle Waterman.

The company will expand the 35-year-old store from 33,000 to almost 39,000 square feet by adding to the north side and the front of the store. The remodeling project will also add a number of redesigned and new departments to the store, including

a new Delicatessen, China Cuisine, Floral, Bakery, Pharmacy, Service Seafood, Meat and Produce Departments. In addition, at least two more checkstands will be added, along with new freezer, refrigeration and cooler cases, new lighting, new floor tile, new interior décor and Safeway's latest exterior façade. The remodeling and expansion will begin immediately after the city issues the necessary building permits. The permit process, which is a city-

driven process, can take up to a year to receive approval. The store will remain open during the remodeling project.

Safeway has considered a remodel at this location for quite some time. The current growth and expansion of the Martin Luther King Jr. corridor were triggering events for the remodel. "The time was right," Waterman added.

The decision to renovate the store illustrates the company's commitment to Northeast Portland. Unlike other grocery chains that have left the area, Safeway has remained at their Martin Luther King Jr. location and has continued to serve the area.

Safeway's Portland Division comprises 109 stores, 95 in Oregon and 14 in Washington. Safeway Inc. is one of the world's largest food and drug retailers, operating 1,665 stores in the United States and Canada. Safeway's common stock is traded on the New York Exchange the symbol SWY.
