LOSE 20 POUNDS IN TWO WEEKS!

Famous U.S. Women's Alpine Ski Team Diet

During the non-snow off season the U.S. Women's Alpine Ski Team members used the "Ski Team" diet to lose 20 pounds in two weeks. That's right - 20 pounds in 14 days! The basis of the diet is chemical food action and was devised by a famous Colorado physician especially for the U.S. Ski Team. Normal energy is maintained (very important) while reducing. You keep "full" - no starvation - because the diet is designed that way. It's a diet that is easy to follow whether you work, travel or stay at home (For men too!)

This is, honestly, a fantastically successful diet. If it weren't the U.S. Women's Alpine Ski Team wouldn't be permitted to use it! Right? So, give yourself the same break the U.S. Ski team gets. Lose weight the scientific, proven way. Even if you've tried all the other diets, you owe it to yourself to try the U.S. Women's Alpine Ski Team Diet. That is, if you really do want to lose 20 pounds in two weeks. Order today! Tear this out as a reminder.

Send only \$9.95 - add .50¢ RUSH service to: MIDWEST ASSOCIATES, 3318 S. Glenstone, Suite 308, Springfield, MO 65804. Don't order unless you expect to lose 20 pounds in two weeks! Because that's what the Ski Team Diet will do.
