## Oregon State University Parking Lot Design Request for Proposals

Oregon State University is seeking proposals from consulting firms interested in providing design services for parking lots to be constructed at nine locations on the OSU Corvallis Campus. Prioritization of parking lot design and required time of construction has not been established at this time. The Owner may choose to spread construction of the parking lots over a 2-3 year period. This Request for Proposal is the first step in a two-step process to obtain a design consultant to accomplish the design of these projects. The first step will result in the development of a short-list of consultants, who will be invited to interview as the second step. The result of the interviews will be the selection of one or more firms to accomplish the design. OSU may select a single consultant to design all parking lots, or may choose to select multiple designers.

Interested firms should contact Mike Blair P.E., Project Manager, Facilities Services, OSU, 100 Adams Hall, Corvallis, Oregon 97331-2001, or at Fax (541) 737-3724, to obtain a copy of the Request for Proposals (RFP).

Responses to the RFP will be due by 3PM, December 1, 2000. No responses will be accepted after the specified date and time. Responses may be rejected for non-compliance with all response requirements and procedures, or for good cause upon a finding that it is in the interest of OSU to do so.
