

Cool Concept Cars

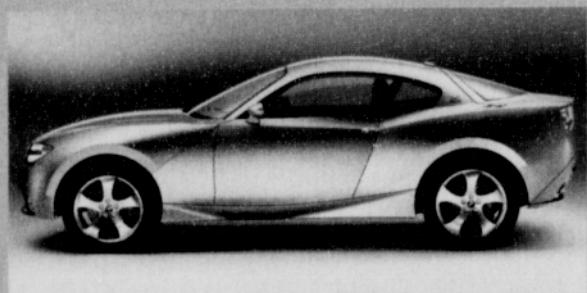

Automakers each year gauge reaction to various styling concepts. The Chrysler PT Cruiser and Pontiac Aztek started as concepts and later became production cars. On these pages are some of the vehicles you mostly will see on the auto show circuit this year. If you see something you really like or really hate, let us know. We may publish your comments on the web and in a future issue of the magazine. E-mail us at Comments@onwheelsinc.com or fax us at 313-963-7778. We want to hear from you.
