

Drive Or

Be Driven

Daily Meditations To Achieve Inner Peace and Perpetual Car Harmonics.

**WORKING WITH THE HAND
FATE DEALS YOU.**

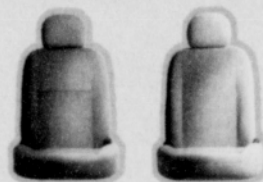

Resist soiling your soul with petty frustrations. With patience as your guide, you will discover a solution to every problem and a way around every obstacle. Take, for example, your lack of closet space. Simply use the trunk of the roomy Ford Focus to store as many pairs of sandals, pumps and boots as you can.

*I am beautiful and talented.
And before I start this car,
I will change out of these @#!% heels.*

**IF YOU DON'T LIKE IT,
DO SOMETHING ABOUT IT.**

You too have the power to affect a radical, personal transformation. The Ford Focus comes in three different body styles and twelve different colors. And with the available accessories, not only will you look good, you will feel good.

*I can only change the changes
that have not yet been changed.*
