Region 2040 Initiatives/TMA: TriMet administered these funds and contracts with group such as transportation management associations to expand the core TDM program to focus on areas of regional significance (such as regional centers, industrial areas and the central city) in the Region 2040 Plan.

Interstate MAX Project: Funding to support the next phase of construction of the Interstate MAX light rail extension.

All projects were selected through TriMet's planning process, which incorporated public involvement and were included in the Metropolitan and State Transportation Improvement Programs. These projects conformed to comprehensive land use and transportation planning in the area. No persons, families, or businesses were displaced by the projects.

At the public hearing TriMet gave interested persons and agencies the opportunity to comment on the social, economic, and environmental impact of the projects. Comments were also submitted in writing to the Grants Administrator at TriMet, 4012 SE 17th Ave. Portland, OR 97214.

A copy of the grant applications are available for public inspection by contacting TriMet's Grants Administrator by telephone: 503-962-6463, e-mail: langtona@trimet.org or mail: 4012 S.E. 17th Avenue, Portland, OR 97202.
