Faith

Day 7 Believing in one's rich legacy and future potential.

On January 1st the last and tallest Kwanzaa candle is lit. The faith it represents burns eternal. This is the power of Kwanzaa: A celebration of ancient African traditions and modern family values. It's all about friends, family and communities coming

together to be enlightened while breaking bread. At Safeway, we're proud so many families count on us to make this Kwanzaa a holiday of bounty and devotion. As well as a chance to share our belief in an even brighter tomorrow. Harambee!
