

## Sequel Cracks 'Baby Talk' Code

The code of 'baby talk' is cracked in 'Baby Geniuses 2: Superbabies,' coming to theaters on Aug. 27.

"Baby Geniuses 2: Superbabies" is the sequel to the hit 1999 TriStar Pictures film starring Kathleen Turner and Christopher Lloyd, whose character

secretly worked to crack the code of "baby talk," a highly sophisticated language.

The adventure continues in this new generation of talking toddlers

who find themselves at the center of a nefarious scheme led by a powerful media mogul.

The film is released nationwide on Friday, Aug. 27.

## Andre 3000 is Sexiest Dresser

Andre 3000

(AP) — Andre 3000 is the world's best-dressed man, according to Esquire magazine.

"He's a complete individual," Nick Sullivan, Esquire's fashion director, said. "But that's really the point."

Andre 3000 is the usually over-the-top dressed half of hip-hop duo OutKast. Some of the 30-year-old's fashion outings include: a lime green jacket at the 2004 Grammy Awards, candy apple red fur for the VH1 Big in 2003 ceremony and a pink-on-pink ensemble for the 2003 MTV Video Music Awards.

"He's probably worn his most outrageous when he's in a video or on stage," said Sullivan, who said Esquire's list is more about personal style than a celebrity's stylist's style. "What we photographed him in is very much what he wanted to wear."

Sources of his fashion inspiration include clothes from period flicks such as "Legends of the Fall" and "The Great Gatsby" and the "old men" in his neighborhood.

"They're kind of like a uniform, which I've always been into," he says in the September issue of Esquire. "To me, that's real style, anything that feels comfortable and expresses your personality and makes you stand a little taller."

"This song is the spirit of the country and all these artists have the will to change it, empower the young voters and create a movement for people to vote and change the current admin-

istration."
