I lead
BY EXAMPLE

I believe in myself. Get my inspiration from those around me. And know everyone has something unique to contribute. At Kaiser Permanente, I practice these beliefs as a member of a health care team. When you share a common goal, you don't focus on what makes you different. You focus on what brings you together. Our shared commitment to wellness creates a nurturing environment in which our patients heal—and we all can thrive. If you believe in contributing to a higher goal, this is the place to put your beliefs into practice.
