Request For Proposals (RFP) Opening To Construction Contractors Serving The State Of Oregon

Responses Due Wednesday, June 8, 2005 by 5:00 p.m.

The Oregon University System (OUS), on behalf of its seven universities, is seeking proposals from individuals and firms working as Construction Contractors interested in entering into an existing Retainer Agreement program, which OUS institutions may use to acquire construction services pertaining to renovation, repair, and/or improvement projects. The Retainer Agreement program includes construction services in a number of areas including, but not limited to, the following: carpentry, masonry, painting, electrical, plumbing, HVAC, roofing, paving/concrete, fire protection, and other trades generally associated with minor construction and renovation. A number of firms will be selected and invited to enter into Retainer Agreements from which OUS institutions may select a firm for construction services contracts pertaining to projects where direct construction costs will not exceed the maximum allowed under OAR 580-0032. It is expected that all firms responding are thoroughly conversant with, and will perform work in conformance with, all applicable federal and state statutory, regulatory and other legal requirements. The RFP is available online on our website: <http://capcon.ous.edu>. You may request a copy via e-mail to patricia_stewart@ous.edu or by calling Patricia Stewart at (541) 346-5784. Responses received after 5:00 pm on June 8, 2005 will not be considered. Any questions regarding this RFP should be directed to Patricia Stewart, Capital Construction Services, at (541) 346-5784.

OUS may reject any response not in compliance with all prescribed public bidding procedures and requirements, and may cancel this solicitation or reject any or all responses upon the finding of OUS that it is in the public interest to do so. OUS is an AA/EEO employer and encourages the submittal of response from women, minority-owned, and emerging small business enterprises.
