### Dear Deanna!

Why isn't it okay for me to have a steady boyfriend and have other men in my life as friends? I know who I love and who I want to be with and feel other men are the same as girlfriends. My relationship is great but my boyfriend has a problem with me going on dates with my male friends. Is there a reason he feels this way because he's not an insecure person? --Rolonda; Richmond, Va.

### Dear Rolonda:

If the shoe were on the other foot you would try to throw yourself from a bridge over this. It's disrespectful to go on dates with other men. Like all guys, your male friends would look at you with thoughts, hope and desires for intimacy and your boyfriend knows this. Don't be foolish and mess up your relationship by being greedy. You can keep your male friends but socialize within reason and you know exactly what that means.

### Dear Deanna!

I'm trying to keep my 17 year old cousin from getting pregnant. I'm not much older than she is but she's planning to have a baby and force her boyfriend to get

married. I know there's no hope for their relationship but she's willing to do anything to get him back. What can I say to make her change her mind? --Antoinette; Portland, Ore.

### Dear Antoinette:

I commend you for trying to spare taxpayers from paying for this unwanted child. Show your cousin a few stomachs with stretch marks and a few deadbeat dad posters that will become her reality if she has a baby by this boy that doesn't want her. This is a start that'll change her mind but can be strengthened by steady prayer, getting her parents involved and visiting a teen counselor or the website [www.teensadviser.com](http://www.teensadviser.com).

### Dear Deanna!

I just found out about my brother messing around with my girlfriend. I tell him everything about my girlfriend, our relationship and everything else. I feel like beating him up because he knows how I feel about him and how much I love my girlfriend. I know I have to choose my brother but don't know what to do about my girlfriend. --James; Dallas, Texas

### Dear James:

This woman isn't your wife and as a cheater, she's not worth going to jail over. It takes two for a tangle and both of these people are wrong. Blood is thicker than water so you need to get rid of the girlfriend and dialogue and rebuild trust with your brother. It's going to be hard, but your brother is your brother. In the future, don't talk too much about your goodies because others will want a taste.
