

I am THE DREAM come true.

*I alone have the power to
make freedom ring.*

When I think like the great

Dr. Martin Luther King Jr.,

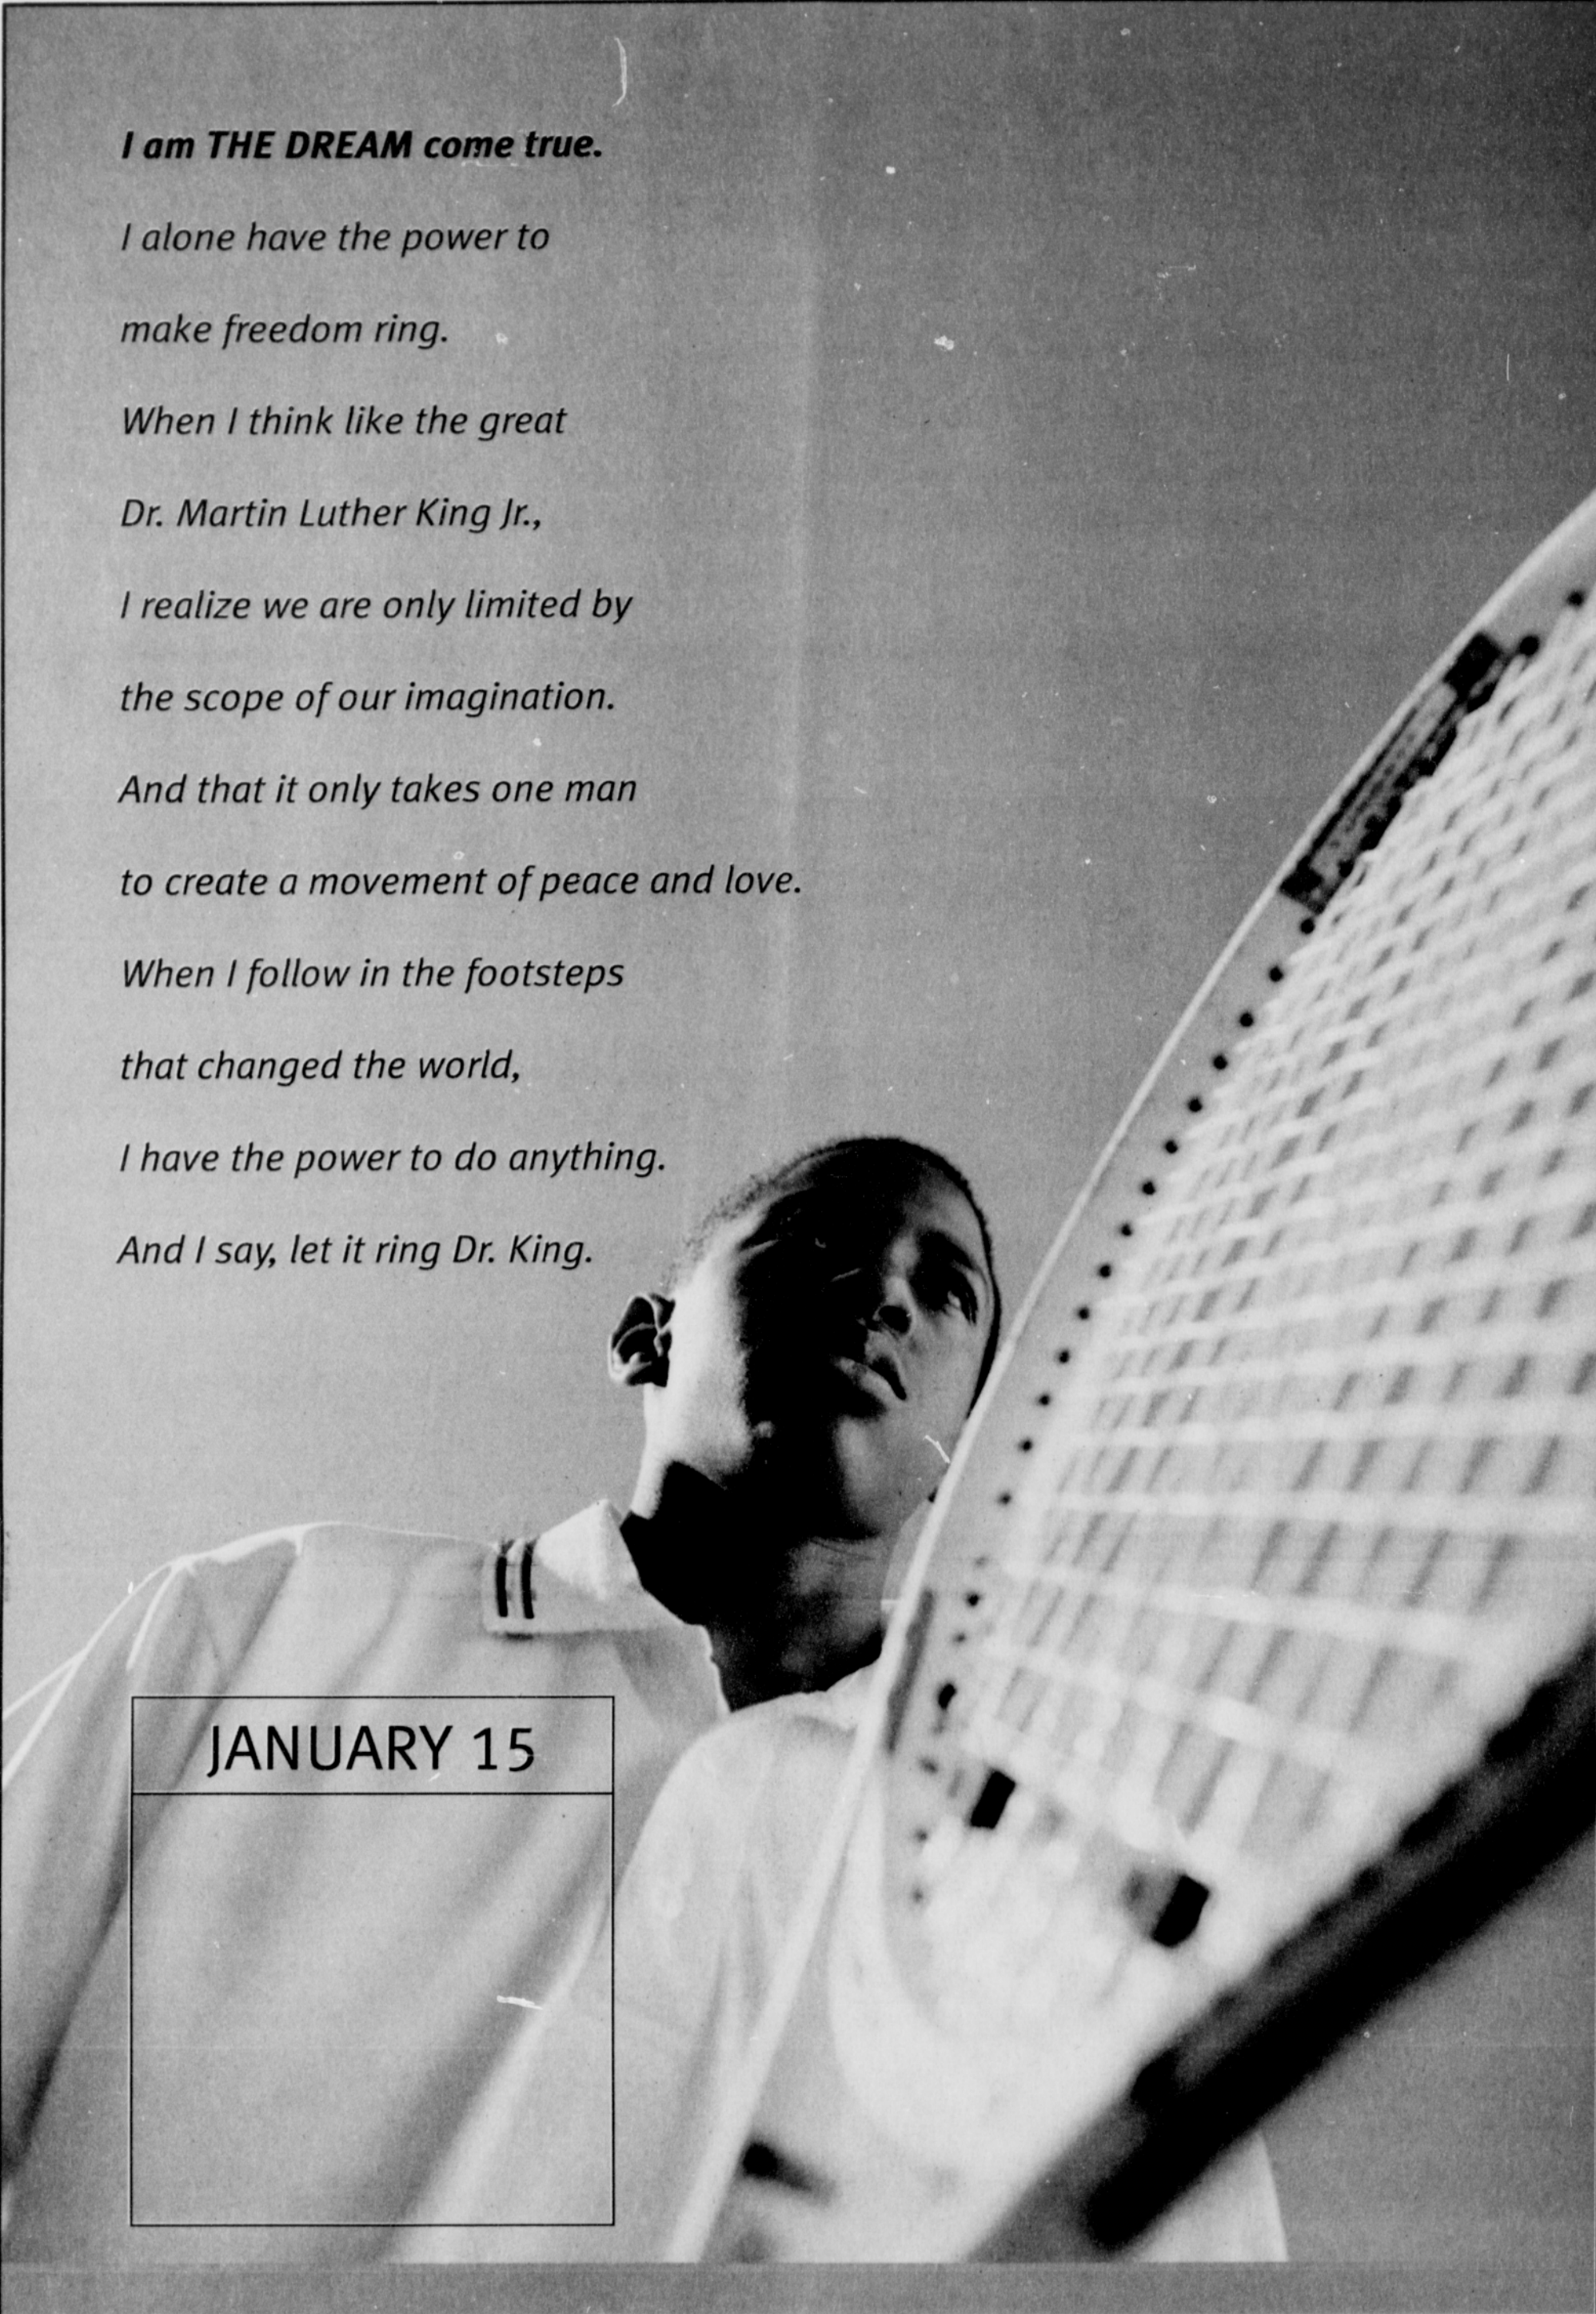

*I realize we are only limited by
the scope of our imagination.*

*And that it only takes one man
to create a movement of peace and love.*

*When I follow in the footsteps
that changed the world,*

I have the power to do anything.

And I say, let it ring Dr. King.

JANUARY 15

Safeway salutes all the boys and girls who have found themselves, thanks to Dr. King's belief in equality and brotherhood. We value the importance of his mission, and that is why we are proud to be a part of the Martin Luther King Jr. Project Foundation Inc. in Washington, D.C.
