## WORKING FOR EQUALITY IN HEALTHCARE

Legacy Emanuel Hospital is a major employer in Northeast Portland and a cornerstone for community health and healing.

We believe that everyone should enjoy the best healthcare available.

As the largest local and community-owned nonprofit health system, Legacy Health System takes a leading role in raising the health status of all in our community.

In honor of Martin Luther King Jr. Day, we think it is fitting to look at the role we play in addressing health disparities.

We support dozens of efforts aimed at improving the health of people of racial and ethnic diversity. Such steps as:

- Helping cooks at Peninsula Children's Center in North Portland prevent childhood obesity

- Partnering with the African American Health Coalition regarding diabetes management
- Supporting a program from Self Enhancement Inc. that provides preventive dental care to youth who have not had regular visits to dentists
- Providing a diverse workplace to reflect the communities we serve

In addition, we provide more than \$144 million in health services to people with limited ability to pay.
