

Our next 50 years start with you and the Future of Urban Renewal (FOUR) initiative. This initiative includes the community in updating plans for our Urban Renewal Areas (URAs), and is your opportunity to join us for important public discussions about our collective future.

**Get Involved.** There are meetings under way: The North/Northeast Economic Development Initiative, is examining the Interstate Corridor and Oregon Convention Center urban renewal areas; the Central City Study is looking at the potential for a new urban renewal area in downtown Portland. Both studies include an analysis of past and future investments, possible boundary adjustments and identification of area priorities. Your participation can ensure the work we do enhances livability and economic opportunities for citizens within urban renewal areas and the city at-large.

Rhythm Traders moved to their new location on NE MLK, Jr. Blvd. with the help of a PDC Storefront Matching Grant, and revitalized a vacant building in the Oregon Convention Center Urban Renewal Area. Below, the Mountain Shop also benefited from a Storefront Improvement Grant.

Go to our website, [www.pdc.us/four](http://www.pdc.us/four) to: ① keep up-to-date, ② learn how you can participate directly in what is an interesting and lively community dialogue, ③ get a calendar of events, and ④ gain a greater understanding of Tax Increment Financing.
