Position Announcement for PHP Developer/ Research Assistant Educational and Community Supports University of Oregon

Educational and Community Supports, a research unit in the College of Education at the University of Oregon, is seeking a PHP Developer experienced with data-driven web site development and layered software architectures to join a research team that develops web applications for primary and secondary education institutions. Our applications collect and facilitate the analysis of school data in the interests of both research and educational improvement. Required experience includes 2+ years PHP development, 2+ years experience with Javascript, CSS, AJAX and HTML, skill in database modeling and design using SQL Server or MySQL, excellent oral and written communication skills, ability to work successfully within project workgroups and independently, strong analytical and problem-solving skills and documented success collaborating with user groups in the design of application software. Qualifications: Bachelor's degree in Computer Science, Management Information Systems, or equivalent degree program. For complete position announcement please see the University of Oregon Jobs Website at <http://hr.uoregon.edu/jobs>. We invite applications from qualified applicants who share our commitment to diversity. Benefits are excellent including fully paid health and retirement plans, reduced University tuition, access to a wide array of recreation services, live in a green city and work in a supportive, low-stress environment. Position subject to criminal background check. Mail letter of interest, vita and names of three professional references to: Educational and Community Supports, Attn: P. Phillips, 1235 University of Oregon, Eugene, OR 97403-1235. Review of applications will begin on March 1, 2010 and position will remain open until filled. The University of Oregon is an Equal Opportunity/Affirmative Action Employer committed to Cultural Diversity and compliance with the Americans with Disabilities Act.
