

GET INVOLVED

WE WANT YOUR CREATIVE IDEAS FOR THE FUTURE OF OUR N/NE NEIGHBORHOODS.

The Portland Development Commission has partnered with hundreds of property owners, small and large business owners, non-profit and government agencies and citizens in North/Northeast Portland to support job creation and business expansion, housing projects, development of commercial buildings, and revitalization of neighborhoods with community gathering places, street improvements, parks and open spaces. A new opportunity lies ahead: the North/Northeast Economic Development Initiative.

Pistils Nursery, left, on North Mississippi opened in 2003 with the help of a Development Opportunity Services grant.

Residents turn out every year for the "Spiffin' up MLK" event.

Interstate Corridor urban renewal funds provided new playground equipment and much-needed grounds revitalization to Patton Park, right.

N/NE Economic Development Initiative Community Advisory Committee meetings are held Wednesdays, from 6-8 p.m. at Billy Webb Elks Lodge, 6 N Tillamook Street.

Upcoming Wednesday Meeting Dates: March 3, and March 24, 2010
