College Opportunities Abound

Though there are a number of companies and organizations that have donated money for scholarships to African Americans, a great deal of the money is being returned because of a lack of interest or awareness.

Local education leaders are asking parents and guardians to take the initiative to get your children involved. Money shouldn't be returned to donating companies because we fail to apply for it.

Please pass this information on to family members, nieces, nephews, friends with children etc. We must get the word out that money is available. If you are a college student or getting ready to become one, you probably already know how useful additional money can be.
