Oregon Department of Transportation Disadvantaged Business Enterprise Revised Goals for Federal Fiscal Years 2012-2013

This will serve as notice of the Oregon Department of Transportation's proposed overall Disadvantaged Business Enterprise goal of 9% for Federal Highway Administration. As a result of the statewide 2011 Disparity Study Update, ODOT has requested an amendment to the waiver from the U.S. Department of Transportation to allow contract goals for specific groups identified as having a significant contracting disparity. The overall goal has been calculated as 9%, of which 5% would be a race-conscious goal for Black American owned DBE firms and Subcontinent Asian American owned DBE firms on construction contracts and for Black American, Subcontinent Asian American, Hispanic American, Native American and non-minority Women owned DBE firms in Architecture and Engineering contracting. The remainder of the overall goal, 4%, would be race- and gender-neutral. This calculation is made in accordance with 49 CFR Part 26 to comply with U.S. DOT requirements.

Public comments are being requested in the development of ODOT's overall goal. Submit written comments to:

ODOT, Office of Civil Rights
955 Center St. NE, Salem, OR 97301
Phone: (503) 986-4350
Fax: (503) 986-6382
Attn: C Jill Miller

ODOT will consider all comments and quantitative and anecdotal data in determining its final DBE goals.

ODOT will post its analysis and final goals at www.oregon.gov/ODOT/CS/CIVILRIGHTS/.
