And there comes a time when one must take a position that is neither safe, nor politic, nor popular: but one must take it because it is right.

Courage is the power of the mind to overcome fear.

Finding a Community

The Summer Scholars bridge program is supported by the Louis Stokes Alliance for Minority Participation and helps minorities studying science, technology, engineering and mathematics access resources and make connections at OSU.

"The bridge program made me realize who I can go to when I need help, what resources are available and where I should go. The faculty to student connections I built really helped me a lot. I can just go to faculty and talk to them about anything."
