Flamboyant and Provocative

Le1f

He described as wildly flamboyant, mostly dressed in drag, and hellbent on keeping the energy meter pinging on high all night.

Greedhead artist and New York rapper Le1f will bring his provocative rap to Portland to support of his mixtape *Dark York*.

Insiders say the production might sound familiar from the work he did with Das Racist and Spank Rock, which the Fader called was one of the most provocative rap releases so far this year, and Pitchfork summed up as a census of right-now sounds.

Le1f will perform Thursday, June 14 at the Bunk Bar in the southeast Industrial District at 1028 S.E. Water.

Faithful and Faithless Collide

The Contradictions of Fair Hope is a powerful portrait of one of the nation's last surviving benevolent societies—a self-help group formed after Emancipation to help freed slaves take care of the sick, feed the hungry and bury the dead.

Narrated by Whoopi Goldberg, the film follows the Fair Hope Benevolent Society in Alabama during its annual anniversary celebration, which has over the years

been co-opted by a notorious outdoor festival called the "Foot Wash." As the faithful and the faithless collide, Contradictions provides an eye-opening examination of black history and current culture.

"My grandmother, at 98, is the oldest surviving member of the Fair Hope Benevolent Society," said Rockell Metcalf, the film's co-director. "It was not until a few years ago that I actually sat down with her and

had a detailed conversation about the role that Fair Hope and other benevolent societies played in helping freed slaves transition from slavery to freedom. I thought it was important to highlight this incredible history and the significant role that benevolent societies, in general, have played in shaping African American history."

The Contradictions of Fair Hope heads to several film festivals across the country this summer.
