

*spotlight on*  
**diversity**

**The goal of our supplier diversity program is to connect with new companies and help create economic opportunities in the communities we serve.** That's why we actively seek out partners from a wide range of minority- and women-owned businesses in areas such as merchandise, goods and services, and construction. To see if your business qualifies, or to learn more about our program, visit [nordstrom.com/supplierdiversity](http://nordstrom.com/supplierdiversity).
