The Mt. Hood Community College Planetarium presents 'Exploring Orion's Secrets and Our Winter Sky.'

Winter Sky Planets Show

Mt. Hood Community College will present "Exploring Orion's Secrets and Our Winter Sky," an entertaining and educational look at one of the most recognizable constellations, Tuesday, Jan. 7 in MHCC's Planetarium Sky Theatre, 26000 S.E. Stark St.

The show will feature amazing photographs taken by NASA and amateur astronomers. Orion is dominated by large faint nebulae and smaller bright nebulae which make for some very impressive photos. "Within these nebulae, we will see how the Hubble space telescope

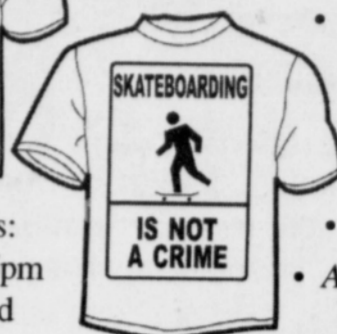

has imaged locations of new star formations. We will also explore the enormous size and energy of Orion's stars," says Pat Hanrahan, planetarium director. Show times are 7 p.m. and 8:15 p.m. Admission for the general public is \$2 and free for MHCC students.
