

Over the next five years, the Portland Development Commission is providing an *additional* \$20 million to affordable housing in North-Northeast.

Although PDC no longer builds or manages affordable housing, 30% of all urban renewal dollars go to the Portland Housing Bureau to provide housing for those who need it the most.

PDC thanks the entire community for your contributions to jobs and economic development. We cannot have social justice without economic justice, and we are committed to our partnership with the community to achieve both.
