Built for the community, by the community

TriMet's Disadvantaged Business Enterprise (DBE) program is creating the workforce of the future. Almost 25% of all contracting firms working on the Portland-Wilkesville Light Rail Transit Project are from the DBE program and \$170 million in contract work has gone to DBE contractors. TriMet is proud to be a community partner in economic empowerment for small businesses owned by women and people of color.
