2017 BUICK LaCrosse

A full-size sedan that hits the road with more efficiency and responsive handling.

More Efficient and Responsive

The new 2017 LaCrosse Buick is a full size sedan that is more efficient and responsive than ever.

With a stronger yet lighter structure, the LaCrosse is longer, lower and wider than before, about 300 pounds lighter, thanks largely to the use of press-hardened, high-strength steels, which contributes to greater efficiency and more responsive handling.

The LaCrosse comes with a base price of \$32,990 and is offered with a new 3.6 liter V-6 paired to a new eight-speed automatic transmission, featuring Stop/Start and

Active Fuel Management.

Features include high-intensity discharge headlamps and LED signature lighting, driver and front passenger heated and ventilated seats and power tilt and telescopic steering column.

Safety features include 10 standard air bags – including two knee air bags for front passengers, a standard rear-vision camera. Forward Collision Alert and Following Distance Indicator are standard on Premium models.
