An ongoing series of questions and answers about America's natural healing profession.

Thank you: A Happy and healthy New Year to our great patients.

Now is the season to reflect on the events of the past year and look ahead to all the New Year has to offer. This past year has certainly been a happy one for all of us. We've had so many kind and wonderful patients.

To all of you, "thank you." We appreciate your courtesy and your zeal to share with friends how Chiropractic's natural healing has helped you. It is really exciting to have more and more people aware of the

healing power of nature. Only nature creates and only nature can truly heal.

We look forward to continue serving those of you who've made the natural selection: Chiropractic. The only major health science whose only side effects are improved health and greater sense of

well-being. If you ever have any questions about your health or about any of our many services, we'll always be happy to help.

Again, we wish you a Happy Holiday and continued health through-out the coming New Year.
