Help Lower Your Heating Bills

The cold days of winter are here and the nonprofit Community Energy Project has some new workshops for the New Year plus some tried-and-true tips geared towards helping you stay warm, conserve energy and lower those heating bills.

A free workshop where participants learn how to stop drafts in the home, especially around doors and windows to save energy and increase comfort, will be held Thursday, Jan. 10 from 5:30 p.m.

to 7:30 p.m. at the Community and Family Services office of Self Enhancement, Inc., 4803 N.E. Seventh Ave., and on Tuesday, Jan. 15 from 5 p.m. to 6:30 p.m. at Peninsula Park, 700 N. Rosa Parks Way. Qualified participants receive a free kit of weatherization supplies.

In addition, a Lead Safe Home Projects workshop will be held Saturday, Jan. 19 from 11 a.m. to 1 p.m. at the Northeast Portland Tool Library, 5431 N.E. 20th Ave. This is a great class to learn more before scraping, sanding or remodeling any painted surface in pre-1978 housing. The class is a great resource for people who want to do a small project that may involve exposure to lead paint, such as sanding down an old window frame or a reused door with potential lead paint.

Register for any of the workshops and find others at communityenergyproject.org or call 503-284-6827.

Need health insurance?

CareOregon's goMobile Team makes it easy for you to get dental, mental and physical health care under the Oregon Health Plan (OHP). Our community partners host us on these dates, where we can check your eligibility for OHP, enroll you in Medicaid/OHP and make your doctor appointments!
