## Serving Locally for 25 Years

Rev. Dr. T Allen Bethel and his wife Daphne are celebrating 25 years of service at Maranatha Church of God and several special events are being planned for Oct. 25-27.

Bethel has made an impact with his life's work here in Portland and beyond. He has been a community leader in the fight for justice and equality for those that are underserved and victims of police brutality and assaults.

The kickoff to Dr. Bethel's 25 year celebration occurred when Portland Rose Festival Foundation President Teri Bowles-Atherton had a Rose planted in his honor on the church grounds this past July. Also in attendance at

## THE SPINA COLUMN™

An ongoing series of questions and answers about America's natural healing profession.

### Part 8. CONSTIPATION:

### The backing up of body's sewage system.

**Q:** Nothing has ever really helped my constipation. What can Chiropractic possibly do?

**A:** As a natural form of healing, there is much a Chiropractic and the improved lifestyle we recommend can do to remove the immediate distress and long term health hazards of constipation. But before we begin, you should understand that constipation takes two approaches. The first is the tight, sometimes painful feeling in the lower back area. The second and more insidious type is what we call "hidden constipation." This is

when we seemingly move our bowels regularly, but never completely eliminate everything in our colon (large intestine). This causes the colon to back up and spread toxic poisons throughout the body. This can lead to everything from sinusitis to allergies to arthritis. Chiropractic can help to alleviate this problem by gently turning nerves back on in the colon and small intestine. It is not uncommon for a patient to have two,

three or even four bowel movements after the first adjustments on his or her spine. A man with FBSS (failed back surgical syndrome) went home and had 12 bowel movements that night. And he claimed he wasn't even constipated! Whatever questions you might have about health and healing, you'll find that Chiropractic is often the answer. Call us for an appointment today.
