An ongoing series of questions and answers about America's natural healing profession.

Part 29

Can a chiropractor really help my problems?

You have no doubt heard how chiropractors helped a friend's headaches, neck pain, neck stiffness, back pain or fatigue?

But, it is perfectly normal for you to wonder whether a chiropractor can really your particular problems. Your headaches. Your neck pain and/or stiffness. Your back pain or other symptoms. Problems you may have had for some time.

The truth is, doctors of

Dr. Billy R. Flowers

chiropractic are extremely successful at eliminating many symptoms. Often more quickly and effectively than other healing methods.

But, your doctor of chiropractic

can do so much more for you than just treating symptoms. Your chiropractor is concerned with making sure your entire body is functioning properly. Therefore, your chiropractor goes beyond treating your immediate symptoms to make sure your body is still functioning efficiently. That is the only way true health can be achieved.

But we aren't the only ones who have said it. Chiropractic has been accepted by the ultimate authority; you the people.

To find out how Chiropractic might be able to help you or for answers to any questions you might have about your health, please feel free to call us at the phone number shown below.
