

Together

These last couple of years have been, well, a lot. But as **Oregonians**, we should be proud of each other. And proud of ourselves. We're tough. We're kind. We show up for each other. Even though the challenges aren't over, we can lean on each other. That's what we do. And that's how we'll continue to move forward — **Together.**

Together, we do good things.
