

OnPoint Credit Union Awards Scholarships to OSAA Students

OSAA and OnPoint have partnered to award \$90,500 to 25 students

OnPoint Community Credit Union and the Oregon School Activities Association (OSAA) today announced six graduating seniors have won scholarships worth up to \$10,000. The awards are part of the 2023 OnPoint Community Credit Union Scholar Program and are double the amount of previous years' scholarships. The program recognizes graduating Scholar Athletes and Activity Scholars from OSAA member schools with two \$10,000 scholarships and four \$5,000 scholarships. The two winners of the \$10,000 scholarships are Kavon Bradford of Benson High School and Tara Subramaniam of Lincoln High School.

The four winners of the \$5,000 scholarships are Austin Baker of Bend Senior High, Charles Black of Central Catholic High School, Camila Garibay of Sheldon High School and Lane Shaffer of McDaniel High School. OnPoint received more than 350 applications from 146 OSAA

2 recipients to receive scholarships Kavon Bradford and Tara Subramaniam

member schools.

"We are proud to partner with the OSAA to honor exceptional students who have already achieved much success academically and within their sport or activity, all while

making a significant impact on their communities," said Rob Stuart, President and Chief Executive Officer of OnPoint Community Credit Union. "Take a few minutes to read about this inspiring group of future

leaders and I believe you'll agree that we are in very good hands."

OnPoint's Scholar Program honors graduating Oregon high school seniors who have earned a 3.50 or higher unweighted cumulative grade point average and have earned a varsity letter in an OSAA-sanctioned sport or competed in an OSAA-sanctioned activity.

"I commend our 2023 scholars for their excellence in the classroom and their communities," said Peter Weber, OSAA Executive Director. "We're excited to honor their achievements and grateful to OnPoint for partnering with us to recognize some of our state's top high school seniors."

Kavon Bradford of Benson High School displayed leadership skills as a tutor, coach and mentor with organizations and programs that help underserved young people reach their full potential. The captain of his varsity basketball team, Bradford applied his basketball skills and math prowess to serve as a role model to Black middle school boys. During COVID, Bradford helped raise \$15,000 for Raphael House and Rose Haven, non-profits that support survivors of domestic violence, when they
