Mrs. Flanders' Reception. Mrs. George H. Flanders gave a recep-tion on New Year's eve which served to introduce formally to society her secon daughter, Miss Carrie. In honor of the occasion the spacious residence was given over to the decorators, and the result was a veritable bower of beauty. The long hallway was hung with graceful festions of evergreens which depended from the side walls and were caught up by the chandeliers in the center. The music-room was decked with bunches of helly and sprays of feathery hemlock. About the sides of the drawing-room were evergreens and tiny Christmas trees, while the band was almost hidden by a profusion of woodland greens. In the library were clusters of mountain ash, while the walls were hung with long traceries of holly. The mantel served to display the floral offerings to the debutante. One bouquet was entirely of fragrant double Parma violets, another was of violets and white hyacinths, a third was of deep red poinzettas, a fourth was of dainty rosebuds, while a fifth was of delicately with carnations, illies of the valley and sweet violets. The dining-room was entirely decorated with holly, arranged in long streamers depending from the tops of buffets, mantels and mirrors, while at each window was a wreath of evergreens. All the different apartments were canvased and given over to the dancers, and nearly all the guests par-ticipated in the well-arranged programme few friends were present. They left im-mediately for the Sound. Miss Laura Watkinds is a daughter of William H. Watkinds, now deceased, and is a native of some 16 numbers. Dainty refreshments and ited pineappie cup added their share to the evening's enjoyment. The hostess appeared in a handsome toilet of black crepe, relieved with white lace. A Delightful Musicale.

A charming musicale was given Mon-day evening before a number of guests at the residence of Mr. Henry L. Pittock. The participants were several pupils of Professor Motschmann and Professor Stebinger. The programme was made up of seven numbers, in the selection of which wide variety had been secured. The first number was a trio, Beethoven's "Third Symphony," rendered with excel-lent effect by Miss Kate Pittock and Miss Louise Pittock at the plano, and Professor Stebinger on the violin. A violin solo, selection from "La Sonnambula," by Master Gustave Pfunder, followed. His performance was very creditable, and elicited much approbation from the au-ditors. Next was a vocal solo, the aria. "Ah! fors' e lin," from "La Traviata," by Miss Kate Pittock, accompanied by Professor Motschmann at the piano. The song was very charmingly rendered and was received with applause. She re-sponded with the cadenza from "La Fille du Regiment." Number four on the programme was a violin solo by Master Leon Schuhl. It gave evidence of talent and of careful practice by the little fellow. A piano solo, Moszkowski's "Valse Brill-iante," was rendered with much spirit by Miss Louise Pittock, and received an encore. Miss Pittock's performance showed that she possesses both correct musical perception and technical skill, and that she has taken full advantage of the excellent instruction of her tutors, A violin duet by Professor Stebinger and Master Pfunder followed. The accompaniment on the plane was by Professor Motschmann. The number was rendered harmoniously, accurately and with ex-pression, and was heartily applauded. Last came a vocal solo, "Dance of Joy," followed by the ballad, "Answer," Miss Kate Pittock, with piano and violin accompaniment by Professors Motschmann and Stebinger. Miss Pittock's voice, naturally sweet and melodious, showed wile range and genuine capability for artistic expression, and, besides, it betrayed a degree of thorough cultiva-tion. The programme, as a whole, was most satisfactorily rendered, and was followed with close attention by the listen-ers. The general expression was that it reflected much credit upon instructors and pupils. After a time spent in conver-sation, refreshments were served, and about 11 o'clock the party broke up.
