Nature is a hard worker and will stand much abuse, but when overworked, she must have help or trouble will follow.

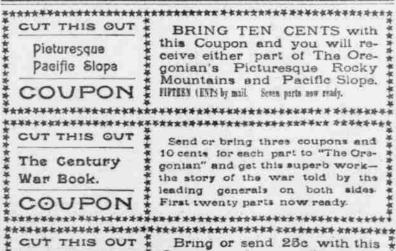

Most all bodily troubles start in the digestive or respiratory organs. It is here that improper living first makes an opening for disease. The development differs as constitutions and temperaments differ. The causes are almost identical. To get at the root of the matter is simple enough if you start right.

Dr. Pierce's Golden Medical Discovery is a medicine for the whole body. It works through the digestive organs on all the others.

It cures the first thing it comes to and after that, the next. It puts health in place of disease in the stomach, and from the vantage ground thus gained, it reaches every fiber of the body and drives disease before it—indigestion, liver troubles, kidney kidney complaint, billiousness, skin and scalp diseases, salt-rheum, tetter, eczema and all the troubles caused by impure blood.
